Directions: Play this game as you would play
“Go Fish.”

Make sure that there are matches for each of the cards before playing. Deal each player 3-5 cards. The first player asks the other player if they have one of their cards. If the other player has the card, they are to hand over the card, if they do not have the card, they must tell the opponent to “Go Fish.” This pattern is repeated. Until one of the players runs out of cards. The person who has the most money wins the game.
